**City of Wichita
City Council Meeting
April 26, 2011**

TO: Wichita Airport Authority

SUBJECT: FlightSafety International, Inc. – Supplemental Agreement No. 5
1962 Midfield Road
Wichita Mid-Continent Airport

INITIATED BY: Department of Airports

AGENDA: Wichita Airport Authority (Consent)

Recommendation: Approve the Supplemental Agreement.

Background: Since 1988, FlightSafety International, Inc. (FSI) has occupied the maintenance training facility located at 1962 Midfield Road from the Wichita Airport Authority (WAA). In August 2002, WAA approved extending FSI's agreement from March 31, 2020, through October 31, 2021, and added two, five-year options to renew through 2031. FSI staff is now desirous of amending the Agreement for the existing facility.

Analysis: Lease negotiations between WAA and FSI for major new FSI maintenance training facilities included retention of the existing FSI maintenance campus. In order to benefit both parties, FSI will continue to lease the existing facility while building another maintenance facility on Airport property, located at 2021 South Eisenhower. It is expected that the new training facility will significantly increase the number of international visitors who will come to Wichita and create a positive economic impact on the greater Wichita community.

Financial Considerations: The revised land rental rate of \$.1982 per sq. ft. will result in annual revenue to the WAA of \$9,900 for use of the land. This represents a decrease of \$5,500 compared to the previous year, which is an offset to the new revenue of \$61,800 from the land rental for the new facility. The terms of the Agreement will not change. FSI will have the right to cancel the Agreement by providing six months advance written notice.

Goal Impact: The Airport's contribution to the Economic Vitality of Wichita is promoted through negotiating mutually-beneficial agreements which allow Mid-Continent's business partners to develop new facilities on the Airport, which in turn, generate rental income for the WAA and allows the Airport to continue its operation on a self-sustaining basis.

Legal Considerations: The Supplemental Agreement has been approved as to form by the Law Department.

Recommendations/Actions: It is recommended that the Wichita Airport Authority approve the Supplemental Agreement and authorize the necessary signatures.

TO: Wichita Airport Authority

SUBJECT: FlightSafety International, Inc.
2021 South Eisenhower
Wichita Mid-Continent Airport

INITIATED BY: Department of Airports

AGENDA: Wichita Airport Authority (Consent)

Recommendation: Approve the Agreement.

Background: FlightSafety International, Inc. (FSI) has leased property from the Wichita Airport Authority (WAA) for the purpose of pilot and aircraft maintenance training since 1975. The leaseholds now include four facilities located at 1962 Midfield Road, 1851 Airport Road, 1951 Airport Road, and 2 Learjet Way at Mid-Continent Airport. FSI staff is now desirous of leasing land to construct a maintenance training facility located at 2021 South Eisenhower. The new facility will primarily train aircraft maintenance technicians for Cessna aircraft. The expanded growth will create hands-on training opportunities that were not previously available. This training program will potentially create new jobs and will significantly increase the number of people from all over the world who will visit Wichita. Therefore, this will have a positive economic effect on the greater Wichita community.

Analysis: FSI proposes to lease approximately seven acres of land from the WAA to construct a 65,000 sq. ft. aircraft maintenance training facility that will be located on the east side of the Airport and next to the Cessna Citation Service Center. The initial term of the lease is thirty years with two, five-year option terms. The estimated project cost is \$7 million, which will be provided entirely by FSI. It is the WAA's policy that all facilities located on Mid-Continent Airport and Colonel James Jabara Airport are owned by the WAA, with the exception of a few governmental facilities.

Financial Considerations: The land rental rate of \$.1982 per sq. ft. will result in new annual revenue to the WAA of \$61,800 for use of the land. The land rental rate will increase five percent every five years, which is consistent with the WAA's published land rental rate schedule.

Goal Impact: The Airport's contribution to the Economic Vitality of Wichita is promoted through entering into agreements which allow Mid-Continent's business partners to develop new facilities on the Airport, which in turn, generate rental income for the WAA and allows the Airport to continue its operation on a self-sustaining basis.

Legal Considerations: The Agreement has been approved as to form by the Law Department.

Recommendations/Actions: It is recommended that the Wichita Airport Authority approve the Agreement and authorize the necessary signatures.

27. SUBROGATION OF INSURANCE

LESSOR hereby waives any and all rights of recovery against LESSEE for or arising out of damage or destruction of the building, or the demised Premises, or any other property of LESSOR, from causes then included under any of its property insurance policies, to the extent such damage or destruction is covered by the proceeds of such policies, whether or not such damage or destruction shall have been caused by the negligence of LESSEE, its agents, servants or employees or otherwise, but only to the extent that its insurance policies then in force permit such waiver without diminution of LESSOR coverage.

LESSEE hereby waives any and all rights of recovery against LESSOR for or arising out of damage to or destruction of any property of LESSEE from causes then included under any of its property insurance policies, to the extent such damage or destruction is covered by the proceeds of said policies, whether or not such damage or destruction shall have been caused by the negligence of LESSOR, its agents, servants or employees or otherwise, but only to the extent that its insurance policies then in force permit such waiver.

28. CANCELLATION BY LESSOR

The LESSOR, in addition to any other rights to which it may be entitled by law or equity, may cancel this Agreement as set forth herein.

In the event that LESSEE shall file a voluntary petition in bankruptcy or that proceedings in bankruptcy shall be instituted against it and LESSEE is thereafter adjudicated bankrupt pursuant to such proceedings; or that a court shall take jurisdiction of LESSEE and its assets pursuant to proceedings brought under the provisions of any Federal reorganization act; or that a receiver of LESSEE's assets shall be appointed; or that LESSEE shall be divested of its estate herein by other operation of law; or that LESSEE shall fail to perform, keep and observe any of the obligations, terms, warranties or conditions contained in this Agreement that on the part of LESSEE are to be performed, kept or observed, LESSOR may give LESSEE written notice to correct such condition or cure such default, and if any such condition or default shall continue for sixty (60) days after receipt of such notice by LESSEE, LESSOR may terminate this lease and the term hereof shall cease and expire at the end of such sixty (60) days in the same manner and to the same effect as if it were the expiration of the Initial or Option Term(s), unless such condition or default cannot reasonably be corrected within the 60-day period and LESSEE has demonstrated due diligence with respect to curing said default, then such cure period may be extended for consecutive periods of 30 days, as long as diligent progress is made toward cure, with a reasonably foreseeable resolution date. Under such circumstances, default may be treated

as cured until cured. Should diligent progress cease, or the reason for default become apparent as insoluble, then the term shall cease and expire at the end of the 30-day extension then in effect.

Acceptance of rental by LESSOR for any period or periods after a default of any of the obligations, terms, warranties and conditions herein contained to be performed, kept and observed by LESSEE shall not be deemed a waiver of any other right on the part of LESSOR to cancel this lease for failure by LESSEE so to perform, keep and observe any of the obligations, terms, warranties, or conditions hereof to be performed, kept and observed. No waiver of default by LESSOR of any of the obligations, terms, warranties or conditions hereof to be performed, kept and observed by LESSEE, shall be construed to be or act as a waiver of any subsequent default of any of the obligations, terms, warranties or conditions herein contained to be performed, kept and observed by LESSEE.

29. CANCELLATION BY LESSEE

The LESSEE, in addition to any other rights to which the LESSEE may be entitled by law or otherwise, may cancel this Agreement by giving LESSOR sixty (60) days' advance written notice in the event of default by LESSOR under this lease continuing for more than sixty (60) days after the LESSOR's receipt of written notice of such default from the LESSEE, upon or after the happening of any one of the following events:

(a) Issuance by any court of competent jurisdiction of a permanent injunction in any way preventing or restraining the use of the Airport or any major part thereof for Airport purposes and the remaining in full force of such permanent injunction for a period of at least one hundred eighty (180) days.

(b) Inability of the LESSEE to use, for a period in excess of one hundred eighty (180) days, the Airport or any part of the facility because of any law, order, rule, regulation or other action or non-action of the Federal Aviation Administration or any other governmental authority, or because of fire, earthquake, other casualties or acts of God or the public enemy.

(c) Default by the LESSOR in the performance of any covenant or agreement herein required to be performed by the LESSOR and failure of the LESSOR to remedy such default for a period of sixty (60) days after receipt from the LESSEE of a written notice to remedy the same; provided, however, no notice of cancellation as above provided shall be of any force or effect if the LESSOR shall have remedied the default prior to receipt of the LESSEE's notice of cancellation. If such condition or default cannot reasonably be corrected within the 60-day period and LESSOR has demonstrated due diligence with respect to curing said default, then such cure period may be extended for consecutive periods of 30 days, as long as diligent progress is made toward cure, with a reasonably foreseeable resolution date. Under such circumstances, default may be treated as cured until cured. Should diligent

progress cease, or the reason for default become apparent as insoluble, then the term shall cease and expire at the end of the 30-day extension then in effect.

(d) Assumption by the United States Government or any other authorized agency thereof of the operation, control or use of the Airport and the facility herein described, or of any substantial part or parts thereof in such a manner as to substantially restrict the LESSEE for a period of one hundred eighty (180) days from operating on and within the facility.

(e) In the event of destruction of the facilities, improvements, or the demised Premises as more fully described in Section 45.

30. MAINTENANCE AND REPAIR

LESSEE shall maintain and keep in good repair and condition at its sole cost and expense the Premises as follows:

(a) Exterior of structures, and all exterior mechanical systems (heating, ventilation and air conditioning, and associated motors, boilers, chillers and ducting). "Exterior of structures" shall include but is not limited to the roofs, exterior façade and siding, exterior walls, gutters, downspouts, and load bearing structures of the buildings.

(b) The interior of all structures on the Premises including, but not limited to leasehold improvements, glass, paint, ballast and light bulb replacement, doorways, doors, walls, floors, plumbing, electrical, interior mechanical systems (heating, ventilation and air conditioning, and associated motors, boilers, chillers, ducting and filters), decorations and finishes, plumbing fixtures, equipment and furnishings, telephone, communication and data cables, conduit and accessories, piping, motors, signs, and any other repairs as required or necessary to keep all structures on the Premises in proper condition for the conduct of business.

(c) Grading and drainage systems and drains, paving, lighting, parking lots, fencing, streets and roadways within the Premises.

(d) Connection of all utilities including, but not limited to, underground utility lines and connections within the leased Premises, connection and other fees.

(e) From time to time and as often as reasonably required by LESSOR and in accordance with state and local fire codes, conduct appropriate tests of all fire monitoring, alarm and extinguishing equipment, systems and apparatus located on the Premises. Keep in proper functioning order all fire suppression and extinguishing systems and equipment located on the Premises as required by LESSOR, and in accordance with NFPA, and state and local fire codes.

(f) All janitorial service, landscaping, landscape maintenance and mowing, and daily routine Premises clean-up work and trash removal to keep the Premises in good and tenantable condition throughout the term of this Agreement.

(g) LESSEE shall be responsible for the removal and disposal of garbage, debris, contaminants and any other waste material (whether solid or liquid) arising out of its occupancy of the leased Premises or out of its operation. Such removal shall conform to all governmental requirements and regulations as more fully described herein. Such removal and disposal of garbage, debris, contaminants, or other waste material is understood to include routine clean-up of the Premises. LESSEE shall immediately react and take prompt corrective actions to remove and dispose of any paper, garbage and debris on Premises upon demand of LESSOR. LESSEE shall provide, and screen from public view, suitable covered receptacles for all garbage, trash and other refuse. Piling of boxes, cartons, barrels, pallets or other similar items in an unsightly or unsafe manner on or about the Premises is forbidden.

(h) Should LESSEE fail to perform its upkeep, maintenance and repair responsibilities, LESSOR may, but is not obligated to, perform maintenance and make repairs thereon and thereto which it determines to be necessary, charging the same to the expense of LESSEE upon thirty (30) days prior written notice of its intent to do so; except in case of emergency action taken in order to protect against personal injury or property damage, for which no notice is necessary, plus a twenty percent (20%) administrative fee.

31. SNOW AND ICE REMOVAL

LESSEE shall be responsible for all snow and ice removal on the Premises. Aircraft parking ramps and other Air Operations Areas within the Premises shall be maintained to a winter surface condition safe for aircraft operations, and safe for customers and employees moving and working on the ramp. At no time shall LESSEE engage in snow and ice removal beyond the Premises without the prior approval of the LESSOR.

Snow piles, windrows or other accumulations of snow shall not:

- (a) Be closer than twenty five feet from any security fence;
- (b) Block any access gates or controls;
- (c) Block or impede any taxiway or taxi lane;
- (d) Impose an obstruction within the object free area (OFA) of any taxiway or taxi lane;
- (e) Infringe upon, block or interrupt the business of other airport tenant leaseholds.

Snow piles and accumulations requiring removal may be stored on pre-approved/arranged paved or non-paved areas.

Only FAA approved dry and liquid chemicals may be used for de-icing or snow removal on aircraft operating surfaces, as set forth in Advisory Circular 150/5200-30, current edition, or as may be amended, *Airport Winter Operations and Safety*, Section 4-6 *Approved Chemicals*,

current edition, or as may be amended.

The use of snow and ice removal contractors may be authorized subject to prior written approval by LESSOR, and subject to acceptable completion of contractor employee training, and other reasonable safety requirements and standards that LESSOR may impose, including but not limited to compliance with Airport Rules and Regulations, and Standard Operating Procedures. All such snow and ice removal contractors shall maintain a general liability insurance policy of not less than \$2,000,000 limit, naming LESSEE, the Wichita Airport Authority and the City of Wichita as additional insureds.

32. LANDSCAPING

LESSEE shall provide and install appropriate landside landscaping and screening, including lawn, shrubbery, trees, bushes, and other plantings and screening on the Premises as a part of the construction of the improvements. All proposed landscaping plans and screening designs shall be submitted to the LESSOR for review and approval, which approval shall not be unreasonably withheld or unduly delayed. Such landscaping shall be in accordance with the Airport's design guidelines in effect at that time, and shall not be installed in such a manner so as to create a wildlife food source, habitat and hazard to aircraft operations. LESSEE agrees to maintain and/or replace such landscaping installations at least seasonally throughout the term of this Agreement or any extension thereof should they fail to survive in a manner aesthetically pleasing to LESSOR, a judgment which is to be exercised with reasonable discretion.

33. EXTERIOR SIGNS AND ADVERTISING

LESSEE agrees that no signs or advertising material shall be erected on the Premises or on any improvement or facility on the Premises unless the design and layout of such signs and advertising material, together with the materials and method of construction of such signs and advertising material, shall have been approved in advance in writing by LESSOR, which approval shall not be unreasonably withheld or unduly delayed.

LESSEE shall have no rights to erect or install, or cause or consent to be erected or installed any commercial outdoor advertising by an outdoor commercial advertising agency.

LESSEE shall not erect, install, operate, nor cause or permit to be erected, installed, or operated upon any non-leased Premises of the Airport property, any signs, banners, or other similar devices for its own business, or the business of others. This provision shall not have the effect of limiting or restricting LESSEE's right to enter into an agreement with LESSOR'S authorized and

permitted marketing, advertising or signage agency for the display of informational, marketing or advertising media at approved designated locations on Airport property.

34. PORTABLE STORAGE CONTAINERS/STRUCTURES

Unless specifically approved in writing, and under conditions specified by LESSOR, LESSEE shall not place or allow to be placed upon Premises, any type of portable storage container, trailer, unit, box, or barrel which is used to store merchandise and/or equipment and supplies outside of an enclosed permanent building or structure, which does not qualify as a building or structure under Title 18 of the Code of the City of Wichita. Unless specifically approved, and under conditions specified by LESSOR, LESSEE shall not place or allow to be placed upon Premises, any type of portable or temporary structure, trailer, mobile home, modular structure or device.

LESSOR will not unreasonably withhold approval of such container(s) and structure(s) if such is of a temporary nature for the purpose of supporting construction, alteration or improvement activity, or other approved project.

35. GRANTING OF EASEMENTS

LESSEE shall not (i) grant easements, licenses and other rights or privileges in the nature of easements with respect to the land, or (ii) release existing easements, licenses, right-of-ways and other rights or privileges (which LESSOR represents are set forth in EXHIBIT "A"), and LESSEE agrees, to the extent that it may legally do so, that it will execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right-of-way or other right or privilege or any such agreement or other arrangement, upon receipt by LESSEE of (a) a copy of the instrument of grant or release or of the agreement or other arrangement, and (b) a written application signed by the LESSOR requesting execution and delivery of such instrument, provided that, such grant or release is not detrimental to the proper conduct of the business of LESSEE, and such grant or release will not impair the effective use or interfere with the efficient and economical operation of the facilities. LESSEE shall not request any payment or other consideration for such execution, the same being amply supported by the promises exchanged in this Agreement. Any payments or other consideration received by LESSOR for any such grant or with respect to or under any such agreement or other arrangement shall be and remain the property of LESSOR. The obligations of this Section shall survive termination of this Agreement.

36. RULES AND REGULATIONS

LESSEE, its agents and employees, shall be subject to any and all applicable rules, regulations, Airport Standard Operating Procedures, orders and restrictions which are now in force or which may hereafter be adopted by the Wichita Airport Authority or the City of Wichita, Kansas, in respect to the operation of the Airport; and shall also be subject to any and all applicable laws, statutes, rules, regulations or orders of any governmental authority, federal or state, lawfully exercising authority over the Wichita Mid-Continent Airport or LESSEE's operations conducted hereunder.

LESSOR shall not be liable to LESSEE for any diminution or deprivation of its rights hereunder on account of the exercise of any such authority as in this Section provided, nor shall LESSEE be entitled to terminate this Agreement by reason thereof unless exercise of such authority shall so interfere with LESSEE's exercise of the rights hereunder as to constitute a termination of this Agreement by operation of law in accordance with the laws of the State of Kansas, or as set out in Section 29.

37. MINIMUM STANDARDS FOR COMMERCIAL AERONAUTICAL ACTIVITIES

LESSOR may, with due notice, from time-to-time, adopt and enforce reasonable minimum standards for Commercial Aeronautical Activities, and amendments thereto, and the LESSEE agrees to observe and comply with the same. However, any minimum standards which may be developed and promulgated in the future and during the Initial Term of this Agreement shall not have the effect of imposing upon LESSEE the requirements of additional facilities, services or standards beyond that set forth in this initial Agreement.

38. AIRPORT SECURITY PROGRAM COMPLIANCE

LESSEE must obtain Airport Security Identification and Access Media (I.D. Media) for its employees, subcontractors, suppliers, agents, and representatives requiring access to the sterile areas, secured Air Operations Area (AOA), and Security Identification Display Area (SIDA), or other secured areas as may be identified in the Airport Security Program, and pay any related costs associated with this privileges as set forth under this Section. With respect to the issuance, maintenance, and administration of I.D. Media, the LESSEE shall pay or cause to be paid to the LESSOR all charges as may be established from time to time by the LESSOR. Such costs may include, but are not limited to: (i) the initial issuance of I.D. Media; (ii) the replacement of lost or stolen I.D. Media; (iii) administrative costs with respect to those I.D. Media not returned to the LESSOR.

Said I.D. Media will be valid as set forth under the Airport Security Program, and must be returned to the Airport Public Safety Division, at 2193 Air Cargo Road within twenty-four (24) hours after expiration, suspension, and/or termination of this Agreement. Said I.D. Media will be valid for no longer than the period of this Agreement. The LESSEE shall be responsible for requesting the issuance of I.D. Media to employees or other authorized representatives of the LESSEE who require access to secured areas on the Airport due to operational need and necessity. In addition, LESSEE shall be responsible for the immediate reporting of all lost or stolen I.D. Media and the immediate return of the I.D. Media of LESSEE's personnel transferred from the Airport, or separated from the employ of LESSEE.

LESSEE warrants that it will at all times maintain the integrity of the Airport Security Program and comply with all applicable regulations of the Federal Aviation Administration ("FAA") and Transportation Security Administration ("TSA"), 49 CFR Parts 1500, 1544, 1546, 1548, and 1550 as amended or promulgated, and that it will always maintain the security of the Airport, Premises, and/or any AOA access for which LESSEE is responsible. The LESSOR shall have the right to require the LESSEE to conduct background investigations and to furnish certain data on such employees or other persons before the issuance of I.D. Media, which data may include the fingerprinting of any and all of its employees, subcontractors, suppliers, agents, and/or representatives. LESSEE also hereby agrees that it shall be responsible for any and all of the actions on the Premises of its employees, subcontractors, suppliers, agents, customers, invitees, and/or representatives and shall provide any and all necessary escorts, as outlined in the Airport Security Program. LESSEE hereby agrees that it will immediately implement any and all security changes that are directed either directly or indirectly by the TSA, FAA, or LESSOR. LESSEE further agrees to correct any security deficiency or other deficiency as may be determined as such by the LESSOR, the Department of Transportation ("DOT"), the FAA, or the TSA, or any other federal or state agency with jurisdiction. In the event LESSEE fails to remedy any such deficiency, the LESSOR may do so at the sole cost and expense of LESSEE. The LESSOR reserves the right to take whatever action is necessary to correct and remedy any security deficiency or other deficiency. When the LESSOR takes actions to remedy deficiencies of any kind, it shall be done in a reasonable and cost-conscious manner.

Should LESSEE, its employees, subcontractors, suppliers, agents, customers, invitees, and/or representatives cause any security violations, and should LESSOR be cited for a civil fine or penalty for such security violation, LESSEE agrees to reimburse LESSOR for any monetary civil fine or penalty which may be imposed on LESSOR. However, nothing herein shall prevent the LESSEE from contesting the legality, validity or application of such fine or penalty to the full extent LESSEE may be lawfully entitled, nor require LESSOR to pursue such a contest on LESSEE'S behalf. LESSEE may have I.D. Media/access privileges immediately suspended

and/or revoked by LESSOR for failure to adhere to the Airport Security Program, or for failure to return all I.D. Media within the time-frames specified herein.

The LESSEE agrees that information concerning the location, type, nature, capabilities, application and use of the LESSOR's security system is considered Sensitive Security Information (SSI) as defined by TSR 1520, and shall restrict the distribution, disclosure and availability of SSI only to persons with a need to know. All requests for SSI by persons not directly employed by the LESSEE, and deemed to have a need to know shall be referred to LESSOR for consideration and determination of whether such information is legal and appropriate for dissemination.

Before the LESSEE shall permit any employee, subcontractor, supplier, agents, customer, invitee, and/or representative to operate a motor vehicle of any kind or type on the AOA of Mid-Continent Airport (unless such employee is escorted by a LESSOR-approved escort), the LESSEE shall ensure that all such vehicle operators have completed required AOA access and driver training, possess a current, valid, and appropriate Kansas driver's license, appropriate Airport issued I.D. Media, and a Vehicle Ramp Permit. LESSEE company vehicles prominently displaying a permanent company name and/or logo on vehicles and equipment are excluded from the requirement of displaying a Vehicle Ramp Permit.

The LESSEE agrees that its vehicles, cargo, goods, and other personal property are subject to being inspected and searched when entering, exiting and while on the AOA.

39. ENCROACHERS, TRESSPASSERS AND OTHER THIRD PARTY HAZARDS

LESSEE shall lawfully remove, or cause to be removed by LESSOR or other official law enforcement agency, all encroachers, trespassers and other third parties violating laws of the federal, state or local government, or who are not on the Premises for legitimate purposes.

40. FIRE EQUIPMENT AND SYSTEMS

LESSEE shall furnish and maintain on the Premises sufficient smoke detectors, portable fire extinguishing equipment and sufficient fire suppression as maybe required by city code and insurance underwriters.

41. ENVIRONMENTAL ASSESSMENT

LESSOR, at its expense, and to establish background information and data, shall conduct a Phase-I environmental site assessment and (Limited) Phase-II soil and groundwater site assessment on the Premises to establish a background level for volatile organic compounds (VOC) and Resource Conservation and Recovery Act (RCRA) defined metals. A complete and correct copy of these reports shall be provided to LESSEE upon completion and prior to the execution of this Agreement as shown on the attached **EXHIBIT "B"**.

A "Phase-I" environmental site assessment and "Phase-II" environmental site assessment shall be conducted, at LESSEE's expense, by an environmental consultant satisfactory to the LESSOR within ninety (90) days following the termination or expiration of this Agreement, and a copy of these reports shall be promptly provided to the LESSOR. The environmental site assessment results shall be compared to the original background levels established prior to the LESSEE's occupancy of the Premises. If any contamination of the property has occurred through LESSEE's fault, LESSEE shall be required to re-establish background levels to pre-Agreement levels, in a timely manner and acceptable to LESSOR.

Nothing in this Section shall be construed to hold LESSEE liable in any way for any environmental impact or release of hazardous substances affecting the Premises that occurs by reason of the mitigation, release, discharge or flow from other verifiable and documented off-site contamination sources that are not attributable to the LESSEE's activity on the Premises.

42. ENVIRONMENTAL COVENANTS

(a) The LESSEE hereby covenants that it will not cause or permit any Hazardous Substances to be placed, held, located, or disposed of, on, under or at the Premises, other than in the ordinary course of business and in compliance with all applicable laws.

(b) In furtherance and not in limitation of any indemnity elsewhere provided in this Agreement to the LESSOR, the LESSEE hereby agrees to indemnify and hold harmless the LESSOR and the City of Wichita from and against any and all losses, liabilities, including strict liability, damages, injuries, expenses, including reasonable attorneys' fees, costs of any settlement or judgment and claims of any and every kind whatsoever paid, incurred or suffered by, or asserted against, the LESSOR or the City of Wichita by any person or entity for or arising out of the presence on or under, or the escape, seepage, leakage, spillage, discharge, emission, discharging or release from the Premises during any term of this lease of any Substance (hazardous or otherwise) regulated by any applicable statute, law, ordinance, code, rule, regulation, order or decree regulating, relating to or imposing liability, including strict liability, or

standards of conduct concerning, any Hazardous Substance (including, without limitation, any losses, liabilities, reasonable attorneys' fees, costs of any settlement or judgment or claims asserted or arising under the Comprehensive Environmental Response, Compensation and Liability Act, any federal, state or local so-called "Superfund" or "Super lien" laws, if such presence, escape, seepage, leakage, spillage, discharge, emission was caused by the LESSEE, or persons within the control of the LESSEE, its officers, employees, agents, contractors, invitees and/or licensees, or if such Substance (hazardous or otherwise) was owned by, or located on the Premises by, the LESSEE (without regard to the actual cause of any escape, seepage, leakage, spillage, discharge, emission or release).

(c) If, during the term of this Agreement, the LESSEE receives any notice of (i) the happening of any event involving the use (other than in the ordinary course of business and in compliance with all applicable laws), spill, release, leak, seepage, discharge or cleanup of any Substance (hazardous or otherwise) on the Premises or in connection with the LESSEE's operations thereon or (ii) any complaint, order, citation or notice with regard to air emissions, water discharges, or any other environmental, health, or safety matter affecting the LESSEE from any persons or entity (including, without limitation, the United States Environmental Protection Agency (the "EPA") or the Kansas Department of Health and Environment ("KDHE")), the LESSEE shall immediately notify the LESSOR in writing of said notice.

(d) The LESSOR shall have the right, but not the obligation, and without limitation of the LESSOR's other rights under this Agreement, to enter the Premises or to take such other actions as deemed necessary or advisable to inspect, clean up, remove, resolve or minimize the impact of, or to otherwise deal with, any Substance (hazardous or otherwise) or environmental complaint following receipt of any notice from any person, including, without limitation, the EPA or KDHE, asserting the existence of any Substance (hazardous or otherwise) or an environmental complaint pertaining to the Premises or any part thereof which, if true, could result in an order, suit or other action against the LESSEE and/or which, in the reasonable judgment of the LESSOR, could jeopardize its interests under this Agreement. If such conditions are caused by circumstances within the control of the LESSEE or if such circumstances result from a Substance (hazardous or otherwise) owned by, or located on the Premises by, the LESSEE (without regard to the actual cause of any escape, seepage, leakage, spillage, discharge, emission or release) all reasonable costs and expenses incurred by the LESSOR in the exercise of any such rights shall be payable by the LESSEE, within 15 days of written demand by Landlord.

(e) If an event of default shall have occurred and be continuing, the LESSEE at the request of the LESSOR shall periodically perform, at the LESSEE's expense, an environmental audit and, if reasonably deemed necessary by the LESSOR, an environmental risk assessment, of the Premises, or the hazardous waste management practices and/or hazardous waste disposal sites used by the LESSEE with respect to the Premises. Such audits and/or risk assessments shall be conducted by an environmental consultant satisfactory to the LESSOR, and all environmental audits and environmental risk assessments must be reasonable satisfactory to the LESSOR.

Should the LESSEE fail to perform any such environmental audit or risk assessment within 90 days of the written request of the LESSOR, the LESSOR shall have the right, but not the obligation, to retain an environmental consultant to perform any such environmental audit or risk assessment. All costs and expenses incurred by the LESSOR in the exercise of such rights shall be payable by the LESSEE on demand.

(f) Neither LESSEE nor LESSOR shall install or permit to be installed in the Premises friable asbestos, electrical equipment containing polychlorinated biphenyls (PCBs), or any Substance containing asbestos and deemed hazardous by federal or state regulations applicable to the Premises and respecting such material. The LESSEE shall defend, indemnify, and save the LESSOR and the City of Wichita harmless from all costs and expenses (including consequential damages) asserted or proven against the LESSEE by any person, as a result of the presence of said Substances, and the costs of any removal or compliance with such regulations, if said Substance was installed by the LESSEE, or persons within its control.

(g) Subject to any limitations or restrictions imposed by the Kansas Budget Law or Cash Basis Law, the LESSOR hereby agrees to indemnify and hold harmless the LESSEE from and against any and all losses, liabilities, including strict liability, damages, injuries, expenses, including reasonable attorneys' fees, costs of any settlement or judgment and claims of any and every kind whatsoever paid, incurred or suffered by, or asserted against, the LESSEE by any person or entity for, arising out of, the presence on or under, or the escape, seepage, leakage, spillage, discharge, emission, discharging or release from the Premises during the term of this Agreement and the period prior to the term of this Agreement of any Substance (hazardous or otherwise), (including, without limitation, any losses, liabilities, reasonable attorneys' fees, costs of any settlement or judgment or claims asserted or arising under the Comprehensive Environmental Response, Compensation and Liability Act, any federal, state or local so-called "Superfund" or "Super lien" laws, or any other applicable statute, law, ordinance, code, rule, regulation, order of decree regulating, relating to or imposing liability, including strict liability, or standards of conduct concerning any Substance(hazardous or otherwise)) unless such presence, escape, seepage, leakage, spillage, discharge, emission or release was caused by the LESSEE, or persons within the control of the LESSEE, its officers, employees, agents, invitees and/or licensees, or if such Hazardous Substance was owned by, or placed upon the Premises by, the LESSEE (without regard to the actual cause of any escape, seepage, leakage, spillage, discharge, emission or release except to the extent such was caused by the LESSOR).

Environmental compliance shall not be limited to those items noted within this lease but shall include any current or future federal, state or local law, statute or regulation, that may be required of LESSEE's operation (storage or use of Substances (hazardous or otherwise), activities of LESSEE's employees or contracted vendor's, etc.). Tenant shall provide LESSOR upon request copies of any plan, training program, training records, material safety data sheet or any other documentation required by said laws.

(h) The provisions of this article shall survive the termination of this Agreement.

43. IMPOSITIONS

LESSEE shall, during the life of this Agreement, bear, pay and discharge, before the delinquency thereof, any and all impositions, including all lawful taxes and assessments imposed on the Premises, personal property thereon, or LESSEE's possessory right therein. In the event any impositions may be lawfully paid in installments, LESSEE shall be required to pay only such installments thereof as become due and payable during the life of this Agreement as and when the same become due and payable. LESSOR covenants that without LESSEE's written consent it will not, unless required by law, take any action intended to cause or induce the levying or assessment of any imposition (other than special assessments levied on account of special benefits or other impositions for benefits or services uniformly imposed) which LESSEE would be required to pay under this Section and that should any such levy or assessment be threatened or occur LESSOR shall, at LESSEE's request, fully cooperate with LESSEE in all reasonable ways to prevent any such levy or assessment. Nothing herein contained shall prevent LESSEE from contesting the legality, validity, or application of any such tax or assessment to the full extent LESSEE may be lawfully entitled to do so.

44. INDEMNITY

LESSEE, shall protect, defend and hold LESSOR and the City of Wichita and its officers, agents and employees completely harmless from and against any and all liabilities, losses, suits, claims, judgments, fines or demands arising by reason of injury or death of any person or damage to any property, including all reasonable costs for investigation and defense thereof (including but not limited to attorney fees, court cost and expert fees), of any nature whatsoever arising out of or incident to this Agreement and/or the use or occupancy of the Premises or the acts or omissions of LESSEE's officers, agents, employees, contractors, subcontractors, licensees or invitees, regardless of where the injury, death or damage may occur, except to the extent such injury, death or damage is caused by the negligence of LESSOR. The LESSOR shall give to LESSEE reasonable notice of any such claims or actions.

LESSOR shall protect, defend and hold LESSEE, its officers, agents and employees completely harmless from and against all liabilities, losses, suits, claims, judgments, fines or demands arising by reason of injury to or death of any person or damage to any property, including all reasonable costs for investigation and defense thereof (including but not limited to attorney fees, court costs and expert fees), of any nature whatsoever arising out of or incident to this agreement and/or the use or occupancy of the Premises or the acts of omissions of LESSOR's officers,

agents, employees, contractors, subcontractors, licensees or invitees, regardless of where the injury, death or damage is caused by the negligence of LESSEE. The LESSEE shall give LESSOR reasonable notice of any such claims or actions.

The provisions of this Section shall survive the expiration or termination of this Agreement to the extent that they relate to liabilities, losses, suits, claims, judgments, fines or demands arising from or incident to events occurring during LESSEE'S occupancy of the Premises. The LESSEE shall use counsel reasonably acceptable to LESSOR in carrying out its obligations in this Section.

45. DAMAGE OR DESTRUCTION

In the event that facilities or improvements on the Premises are damaged or destroyed in whole or in part by fire, lightning or any other peril or other casualty during the term of this Agreement, this Agreement shall remain in full force and effect and LESSEE shall proceed with due diligence to repair, restore, rebuild or replace said damaged or destroyed property or parts thereof to as good a condition as all affected properties were in immediately prior to such damage or destruction, subject to such alterations as LESSEE may elect to make and are permitted in this Agreement. All proceeds from the insurance policies related to such damage or destruction shall be applied to cover the cost of such repairs or restoration.

In the event the improvements are damaged or destroyed in whole or in part by fire, lightning or any other peril or casualty not resulting in whole or in part from the actions of the LESSEE during the term of this Agreement, and such damage, destruction or loss exceeds fifty five percent (55%) of the value of the property as it existed prior to the casualty loss, LESSEE shall have the election, indicated by written notice given to LESSOR within 180 days after the occurrence of such event, not to repair, restore, rebuild or replace the improvements. Upon such election by LESSEE, this Agreement shall be terminated effective as of the date such notice is given by LESSEE, and neither party shall have any further rights or obligations pursuant to this Agreement other than LESSEE'S obligation to satisfy damages arising from any negligent or intentional action of itself, its employees, agents or invitees to the extent not covered by insurance proceeds. All of the insurance proceeds shall be paid to LESSEE and LESSOR in pro-rata distributions as their interests may appear based upon the fair market value of each party's interest at the time the proceeds are received. Where allowed by the insurance policy, insurance proceeds shall first be applied to removal of damaged improvements from the Premises before such distribution.

46. CONDEMNATION

If, during the term, title to, or the temporary use of, all or any part of the Premises shall be condemned by any authority exercising the power of eminent domain, LESSEE shall, within fifteen (15) days after the date of entry of a final order in any eminent domain proceedings granting condemnation, notify LESSOR in writing as to the nature and extent of such condemnation and whether it is practicable for LESSEE to acquire or construct substitute improvements, or whether LESSEE shall elect to terminate this lease.

If LESSEE shall determine that such substitution is practicable and desirable and LESSOR shall agree thereto, LESSEE shall forthwith proceed with and complete with reasonable dispatch the acquisition or construction of such substitute improvements. In such case, any net proceeds received from any award or awards with respect to the Premises or any part thereof made in such condemnation or eminent domain proceeds shall be used and applied for the purpose of paying the cost of such substitution. Any proceeds not required for such costs shall be distributed to the parties in pro-rata distributions as their interests may appear based upon Agreement term remaining and the fair market value of each party's interest at the time the proceeds are received.

If LESSEE shall determine that it is not practicable and desirable to acquire or construct substitute improvements, any net proceeds shall be distributed to the parties in pro-rata distributions as their interests may appear based upon the Agreement term remaining, and the fair market value of each party's interest at the time the proceeds are received.

LESSOR shall cooperate fully with LESSEE in the handling and conduct of any prospective or pending condemnation proceedings with respect to the Premises or any part thereof. In no event will LESSEE or LESSOR voluntarily settle or consent to the settlement of any prospective or pending condemnation proceedings with respect to the Premises without the mutual agreement and written consent of the other party to this Agreement.

47. MODIFICATIONS FOR GRANTING FAA FUNDS

In the event that the LESSOR determines the Federal Aviation Administration requirements call for modifications or changes to this Agreement as a condition precedent to granting of funds for the improvement of the Airport, these modifications or changes shall supersede this Agreement and LESSEE agrees to consent to such amendments, modifications, revisions, supplements or deletions of any of the terms, conditions or requirements of this Agreement as may be reasonably required by the LESSOR to fully comply with federal grant assurances and directives and to obtain Federal Aviation Administration grants-in-aid, provided that no such changes shall

materially alter the rights or obligations of LESSEE hereunder.

48. NONDISCRIMINATION

The LESSEE agrees that it will not discriminate or permit discrimination against any person on the basis of race, color, sex, religion, disability, age (except where age is a bona fide occupational qualification), national origin or ancestry in its operations or services, and its use or occupancy of property under this Agreement. The LESSEE agrees to comply with all applicable provisions of federal and state laws, regulations, or executive orders prohibiting discriminatory conduct.

49. GENERAL PROVISIONS

Facility Development. LESSOR reserves the right to further develop or improve the landing area or any other area, building or other improvement within the present or future boundaries of Airport as it sees fit in its sole judgment regardless of the desires or view of LESSEE and without interference or hindrance by LESSEE. Further, LESSOR retains the absolute right to maintain, repair, develop and expand or replace the terminal building, utilities, ramps, taxiways, runways, streets, roadways, sidewalks, any other airport facility, airport improvement or airport property free from any and all liability to LESSEE for loss of business or damage of any nature whatsoever as may be occasioned during or because of the performance of such maintenance, repair, development, expansion or replacement.

Maintenance, Repair, Direction and Control. LESSOR reserves the right, but is not obligated to exercise the right, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of LESSEE in this regard. These areas will include, but are not limited to, those areas which are necessary to serve the aeronautical users of the Airport, except that LESSOR will not be obligated to maintain and keep in repair such areas of the Airport as may be leased to or under the control of Airport tenants, whether such area serves aeronautical users or otherwise.

Operation of Airport by the United States of America. This Agreement and all the provisions hereof will be subject to whatever right the United States of America now has or in the future may have or acquire, affecting the control, operation, regulation and taking over of said Airport or the exclusive or nonexclusive use of the Airport by the United States during the time of war or national emergency.

14 CFR Part 77 of Federal Aviation Regulations. LESSEE agrees to comply with the notification and review requirements covered in Part 77 of the Federal Aviation Regulations in

the event future construction of a building, structure, or attachment thereto is planned for the Premises, or in the event of any planned modification or alteration of any present or future building or structure situated on the Premises. LESSEE by accepting this Agreement expressly agrees for itself, its successors and assigns, that it will not erect nor permit the erection of any structure or object, nor permit the growth of any tree on the Premises which will exceed such maximum height as may be stipulated by LESSOR. It is understood and agreed that applicable laws, codes, regulations or agreements concerning height restrictions will govern the maximum height to be stipulated by LESSOR. In the event the aforesaid covenants are breached, LESSOR reserves the right to enter upon the Premises and to remove the offending structure or object, and cut down the offending tree, all of which will be at the expense of LESSEE and without liability to LESSOR.

Airspace. There is hereby reserved to LESSOR, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises. This public right of flight will include the right to cause or allow in said airspace, any noise inherent in the operation of any aircraft used for navigation or flight through the said airspace or landing at, taking off from or operation on the Airport. No liability on the part of LESSOR will result from the exercise of this right.

Easement for Flight. LESSEE releases LESSOR from any present or future liability whatsoever and covenants not to sue LESSOR for damages or any other relief based directly or indirectly upon noise, light, vibrations, smoke, fumes, odors, air currents, electronic or other emissions occurring as a result of aviation or airport related operations at or otherwise associated with the Airport. This release and covenant includes but is not limited to claims for damages for physical or emotional injuries, discomfort, inconvenience, property damage, death, interference with use and enjoyment of property, nuisance, or inverse condemnation or for injunctive or other extraordinary or equitable relief. It is further agreed that LESSOR shall have no duty to avoid or mitigate such damages by, without limitation, setting aside or condemning buffer lands, rerouting air traffic, erecting sound or other barriers, establishing curfews, noise or other regulations, relocating airport facilities or operations or taking other measures, except to the extent, if any, that such actions are validly required by government authority. LESSOR reserves these rights from the Premises an easement for flight of aircraft in or adjacent to the airspace above the Premises and for the existence and imposition over, on and upon said Premises of noise, light, vibrations, smoke, fumes, odors, air currents, electronic or other emissions, discomfort, inconvenience, interference with use and enjoyment, and any consequent reduction in market value which may occur directly or indirectly as a result of aviation, airport or airport-related operations at or otherwise associated with use of the Airport. LESSEE accepts the Premises subject to the risks and activities hereinabove described.

Airport Hazards. LESSEE by accepting this Agreement agrees for itself, its successors and assignees, that it will not make use of the leased Premises in any manner which might interfere with the landing and taking off of aircraft from the Airport or otherwise constitute a hazard. In the event this Agreement term is breached, LESSOR reserves the right to enter upon the Premises and cause the abatement of such interference at the expense of LESSEE without liability to LESSOR of any kind.

Airport Rules and Regulations, Policies, and Standard Operating Procedures. LESSOR will have the right to adopt, amend and enforce reasonable airport rules and regulations, policies and standard operating procedures with respect to use of and the conduct and operation of the Airport, its buildings and facilities or any improvements within the present or future boundaries of the Airport, which LESSEE agrees to observe and obey.

Federal Aviation Administration Requirements. LESSOR and LESSEE agree that the requirements of the Federal Aviation Administration (FAA) set out below are approved by both parties, and if applicable, LESSEE agrees to comply with all FAA requirements with respect to its operations, use of the Airport and this Agreement:

(a) The LESSEE, for itself and its representatives, successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that in the event facilities are constructed, maintained or otherwise operated on said property described in this Agreement for a purpose for which a Department of Transportation program or activity is extended or for another purpose involving the provision of similar services or benefits, the LESSEE shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said Regulations may be amended.

(b) The LESSEE, for itself and its representatives, successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that: (1) no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the LESSEE shall use the Premises in compliance with all other requirements imposed by or pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said Regulations may be amended.

(c) The LESSEE assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities

covered in 14 CFR Part 152, Subpart E. The LESSEE assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The LESSEE assures that it will require that its covered suborganizations provide assurances to the LESSEE that they similarly will undertake affirmative action programs, and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

(d) It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right within the meaning of Section 308 of the Federal Aviation Act of 1958.

(e) LESSEE agrees to furnish service on a fair, equal and not unjustly discriminatory basis to all users thereof, and to charge fair, reasonable and not unjustly discriminatory prices for each unit or service; PROVIDED, that LESSEE may make reasonable and nondiscriminatory discounts, rebates or other similar types of price reductions to volume purchasers.

(f) LESSOR reserves the right (but shall not be obligated to LESSEE) to maintain and keep in repair the landing area of the airport and all publicly-owned facilities of the airport, together with the right to direct and control all activities of LESSEE in this regard.

(g) LESSOR reserves the right further to develop or improve the landing area and all publicly-owned air navigation facilities of the airport as it sees fit, regardless of the desires or views of LESSEE, and without interference or hindrance.

(h) LESSOR reserves the right to take any action it considers necessary to protect the aerial approaches of the airport against obstruction, together with the right to prevent LESSEE from erecting, or permitting to be erected, any building or other structure on the airport which, in the opinion of LESSOR, would limit the usefulness of the airport or constitute a hazard to aircraft.

(i) During time of war or national emergency LESSOR shall have the right to enter into an agreement with the United States Government for military or naval use of part or all of the landing area, the publicly-owned air navigation facilities and/or other areas or facilities of the airport. If any such agreement is executed, the provisions of this instrument, insofar as they are inconsistent with the provisions of the agreement with the Government, shall be suspended.

(j) It is understood and agreed that the rights granted by this agreement will not be exercised in such a way as to interfere with or adversely affect the use, operation, maintenance or development of the airport.

(k) There is hereby reserved to LESSOR, its successors and assigns, for the use and benefit of the public, a free and unrestricted right of flight for the passage of aircraft in the air space above the surface of the Premises herein conveyed, together with the right to cause in said airspace such noise as may be inherent in the operation of aircraft now known or hereafter used for navigation of or flight in the air, using said airspace or landing at, taking off from or operating on or about the airport.

(l) This Agreement shall become subordinate to provisions of any existing or future

agreement between the LESSOR and the United States of America or any agency thereof relative to the operation, development or maintenance of the airport, the execution of which has been or may be required as a condition precedent to the expenditure of federal funds for the development of the Airport.

Subordination to Agreements with the U.S. Government. This Agreement is subject and subordinate to the provisions of any agreements heretofore or hereafter made between LESSOR and the United States Government relative to the operation or maintenance of Airport, the execution of which has been required as a condition precedent to the transfer of federal rights or property to LESSOR for Airport purposes, or the expenditure of federal funds for the improvement or development of Airport, including the expenditure of federal funds for the development of Airport in accordance with the provisions of the Federal Aviation Act of 1958, as it has been amended from time to time. LESSOR covenants that it has no existing agreements with the United States Government in conflict with the express provisions hereof.

Non-Waiver of Rights. No waiver or default by either party of any of the terms, warranties, covenants and conditions hereof to be performed, kept and observed by the other party shall be construed as, or shall operate as, a waiver of any subsequent default of any of the terms, warranties, covenants or conditions herein contained, to be performed, kept and observed by the other party.

Notices required herein may be given by registered, certified, or express mail, and shall be deemed served on the date such notice is deposited in the United States Mail, or by prepaid private courier in the continental United States. Severability and Invalid Provisions. In the event any term, covenant, condition or provision herein contained is held to be invalid by any court of competent jurisdiction, the invalidity of any such term, covenant, condition or provision shall in no way affect any other term, covenant, condition or provision herein contained; provided, however, that the invalidity of any such term, covenant, condition or provision does not materially prejudice either the LESSOR or the LESSEE in their respective rights and obligations contained in the valid terms, covenants, conditions or provisions in this agreement.

Waiver of Claims. LESSEE hereby waives any claim against LESSOR and its officers or employees for loss of anticipated profits, consequential or incidental damages, or claim for attorney fees caused by or resulting any suit or proceedings directly or indirectly attacking the validity of Agreement or any part thereof, or the manner in which it is executed or performed, or by any judgment or award in any legal proceeding declaring this Agreement null, void or voidable, or delaying the same of any part thereof, from being carried out. This waiver extends to all claims, whether the supporting legal theory lies in common law or has a statutory basis.

Incorporation of Exhibits. All exhibits referred to in this Agreement are intended to be and are hereby specifically made a part of this Agreement.

Incorporation of Required Provisions. The parties incorporate in this Agreement by this reference all provisions lawfully required to be contained herein by any governmental body or agency.

Non-Liability of Agents and Employees. No member, officer, agent or employee of either party to this Agreement shall be charged personally, or held contractually liable by or to the other party under the terms or provisions of this Agreement, or because of any breach thereof or because of its or their execution or attempted execution.

Successors and Assigns Bound. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto where permitted by this Agreement.

Time of Essence. Time is of the essence in this Agreement.

Relationship of the Parties. It is understood LESSEE is not in any way or for any purpose a partner or joint venturer with or an agent of LESSOR. LESSEE shall act as an independent contractor in the performance of its duties pursuant to this Agreement.

Interpretation. LESSOR and LESSEE hereby agree that this Agreement shall not be construed or interpreted in favor of either party on the basis of preparation.

Kansas Laws to Govern. This Agreement and the terms and conditions herein contained shall at all times be governed, interpreted and construed under and in accordance with the laws of the State of Kansas, and venue for resolution of any issue pertaining to this Agreement shall be in Sedgwick County, Kansas.

50. THIRD PARTY RIGHTS

It is agreed between the parties that it is not intended by any of the provisions of this Agreement to create for the public or any member thereof the status of a third-party beneficiary, or to authorize anyone not a party to this Agreement to maintain a suit for damages pursuant to the terms or provisions of this Agreement.

51. QUIET ENJOYMENT

LESSOR agrees that, on payment of the rentals and fees and performance of the terms, covenants, conditions and agreements on the part of LESSEE to be performed in this Agreement, LESSEE will have the right to peaceably occupy and enjoy the Premises, subject however, to the GENERAL PROVISIONS contained in Section 49.

52. HOLD OVER

In the event LESSEE holds over the lease of the Premises, any rights granted after expiration of this Agreement without any written renewal of it shall not be deemed to operate as a renewal or extension of this Agreement, but shall only create a month-to-month arrangement, which may be terminated within thirty (30) days notice by LESSOR or LESSEE.

53. SURRENDER OF POSSESSION AND RESTORATION

LESSEE shall yield and deliver to LESSOR possession of the Premises at the expiration or termination of this Agreement in good condition in accordance with LESSEE's obligations in this Agreement, except for reasonable wear and tear, or fire or other casualty for which full insurance compensation has been paid as agreed. LESSEE shall, at its expense, deliver the Premises in good order and condition, including: (1) cleaning and hauling away all supplies and trash; (2) removing by legal means all materials and substances classified as hazardous; (3) leaving in operating condition all bulbs and ballasts; (4) replacing all broken glass, (5) remove all computer network cable, and (6) return to LESSOR all keys to all doors and gates.

LESSEE, at LESSEE's expense, shall remove during the Term of the Agreement or at its expiration all non-attached equipment and personal property placed by LESSEE on or about the Premises herein leased, subject to LESSEE's repairing any damage thereto caused by such removal and subject to any valid lien which LESSOR may have on that property for unpaid rents, expenses or fees.

In the event LESSEE does not remove all of its equipment and personal property within thirty (30) calendar days after the termination of this Agreement, any remaining property shall be considered abandoned and LESSOR may dispose of said property without any further responsibility or liability to LESSEE. The net disposal costs of such property shall be the financial obligation of LESSEE.

54. INTENTION OF PARTIES

This Agreement is intended solely for the benefit of LESSOR and LESSEE and is not intended to benefit, either directly or indirectly, any third party or member(s) of the public at large. Any work done or inspection of the Premises performed by LESSOR is solely for the benefit of LESSOR and LESSEE.

Nothing contained herein shall be deemed or construed by the parties hereto, or by any third party, as creating the relationship of principal and agent, partners, joint ventures, or any other similar such relationship, between the parties hereto. Further, non-parties to this Agreement may not maintain a suit for personal injuries or property damage pursuant to the terms or provisions of the Agreement. The parties shall understand and agree that neither the method of payment, nor any other provision contained herein, nor any act(s) of the parties hereto creates a relationship other than the relationship of the LESSOR and the LESSEE.

55. ENTIRE AGREEMENT

This Agreement supersedes all previous agreements, if any, for the Premises generally located at 2021 S. Eisenhower and further described under Section 1, between LESSOR and any other party, and all amendments or renewals thereto. The parties understand and agree that this instrument contains the entire Agreement between them. The parties hereto further understand and agree that the other party and its agents have made no representations or promises with respect to the Agreement or the making or entry into this Agreement, except as expressed in this Agreement, and that no claim or liability or cause for termination shall be asserted by either party against the other and such party shall not be liable by reason of, the making of any representations or promises not expressly stated in this Agreement, any other written or oral agreement with the other being expressly waived.

The individuals executing this Agreement personally warrant that they have full authority to execute this Agreement on behalf of the entity for which they are acting herein.

The parties hereto acknowledge that they have thoroughly read this Agreement, including any exhibits or attachments hereto, and have sought and received whatever competent advice and counsel deemed necessary for them to form a full and complete understanding of all rights and obligations herein.

56. AMENDMENT

This Agreement constitutes the entire Agreement between the parties for the lease of Premises set forth and identified under Section 1. No amendment, modification, or alteration of the terms of this Agreement shall be binding unless the same is in writing, dated subsequent to the date hereof, and duly executed by the parties hereto.

57. APPROVAL, CONSENT, DIRECTION OR DESIGNATION BY LESSOR

Wherever under this Agreement, approvals, consents, directions, or designations are required or permitted, such approvals, consents, directions, or designations required or permitted under this Agreement shall be performed by the Director of Airports, or his/her authorized representative. Approvals, consents, directions, or designations made at any time by the Director of Airports, and from time to time, may be withdrawn or modified by notice from LESSOR to LESSEE.

Subject: ICT, 2021 S. Eisenhower Phase-II

Dear Mr. Baker:

Pursuant to your request during our teleconference of March 31, 2011, the purpose of this letter is to confirm our position on the conclusions of the February 28, 2011, Phase II Environmental Site Assessment for the Former Wichita Area Technical School located at 2021 S. Eisenhower, Wichita, Kansas.

Section 6.0 CONCLUSIONS AND RECOMMENDATIONS of the Report, notes a total petroleum hydrocarbon level of 2.7 mg/L in the water sample collected from the mud/oil trap utilized by the current site facility. As noted in the Report, this level does exceed water standards for human consumption. However, this mud/oil trap is/has been connected to the sanitary sewer service for the facility, and is not a potable source of water. The City of Wichita allows up to 100 mg/L total oil and grease within its sanitary sewer system. The Wichita Airport Authority (WAA) will collect and dispose of any liquids and solids within the mud/oil trap prior to your possession and occupancy of the site. The mud/oil structure does not require KDHE involvement for its demolition.

The third paragraph of Section 6.0 refers to the total gross alpha result of 17.7 ± 4.26 pCi/L for a groundwater sample collected from probe location PH-2. Alpha particles in groundwater are associated with the naturally occurring radioactive material contained within the sediment of the groundwater aquifer. The EPA has set a standard of 15 pCi/L for gross alpha levels within groundwater prior to treatment (water softening system) if utilized for human consumption. This does not preclude the water from being utilized for heat transfer in facility mechanical systems or grounds irrigation purposes. Please note that only one of the three groundwater samples collected for gross alpha analysis exhibited an elevated level above 15 pCi/L (PH-2, 17.7 ± 4.26 pCi/L). This sample was collected approximately 300 feet down gradient of the on-site water well.

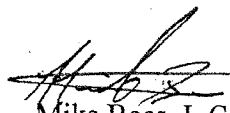

In reference to the fourth paragraph of Section 6.0, the WAA will only authorize the use of the on-site water well for thermal or irrigation purposes. If utilized for irrigation, we recommend that advisory signage be installed at exterior spigot locations as a warning that the water is non-potable. The WAA would not agree to utilization of the groundwater for human consumption.

The fifth paragraph of Section 6.0 references the wipe samples collected from the welding ventilation system. GSI recommended a lead abatement contractor be consulted as to the significance of the levels detected and requirements of cleaning prior to demolition. I contacted Integrated Solutions Inc. (a lead and asbestos abatement contractor) to determine what requirements may apply prior to demolition. Integrated Solution advised me that as long as the duct system was to be demolished (and not salvaged/reused), there is no requirement for special cleaning, handling, reporting or other special environmental or health and safety abatement procedures.

The WAA will utilize the laboratory analysis of the soils and groundwater in conjunction with the Phase-I to establish the environmental baseline inventory for the site prior to occupancy by FlightSafety International (FSI). FSI may accept these reports for the establishment of the baseline, or at its own expense perform Phase-II activities to confirm or refute the site baseline. Similarly, FSI should note that this course of action reflects WAA's good faith belief of what reasonable steps are needed in order to meet the conclusions and recommendations of the GSI Phase-II environmental report. This letter constitutes a report in compliance with due diligence. FSI may, at its sole discretion and option, wish to confer with independent technical or legal consultants of its own choosing at its own expense.

In addition, if the improvement is abandoned at any state during the design and/or construction of the improvement or if it is necessary for the City of Wichita to redesign, repair or reconstruct the improvement after its initial design and/or construction because the design or construction does not meet the requirements of the City, then such costs associated with the redesign, repair or reconstruction of said improvement shall be assessed to the property described above in accordance with the terms of this petition.

Except when driveways are requested to serve a particular tract, lot, or parcel, the cost of said driveway shall be in addition to the assessment to said tract, lot, or parcel and shall be in addition to the assessment for other improvements.

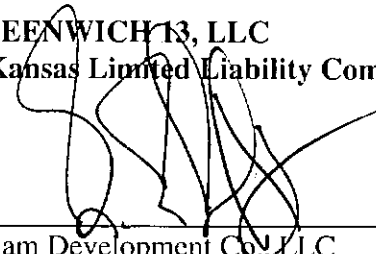

2. It is requested that the improvements hereby petitioned be made without notice and hearing, which but for this request, would be required by K.S.A. 12-6a04. This petition may be combined with other petitions of similar nature in order to form one public improvement project.

3. The petition is submitted pursuant to subsection (c) of K.S.A. 12-6a04, and amendments thereto and as owners of 100% of the properties proposed to be included in the improvement district, we acknowledge that the proposed improvement district does not include all properties which may be deemed to benefit from the proposed improvement.

City Council Meeting

TO: Mayor and City Council

SUBJECT: Water Distribution Systems in Ideal Acres, Gow Acres and Parkwilde Additions (Districts IV & VI)

INITIATED BY: Department of Public Works & Utilities

AGENDA: Consent

.....

Recommendation: Approve the budget revisions.

Background: On August 17, 2010, the City Council approved a petition to extend a water line to the front of two existing homes in Ideal Acres and Gow Acres Additions, located south of 13th Street, east of Zoo Boulevard. On April 26, 2010, the City Council approved a petition to extend a water line to an existing home in Parkwilde Addition, located south of Saint Louis, east of Young. Because both projects were of limited scope, the lines were installed by Water Utilities personnel. After the projects were approved, it was determined that the scope should be expanded to complete loops to nearby existing water lines to eliminate dead end lines.

Analysis: Eliminating dead end water lines provides a second water supply line and reduces the possibility of contamination by continuously circulating water.

Financial Considerations: The petitions totaled \$21,805 with the total paid by special assessments. The revised budgets that include the cost of eliminating the dead end lines total \$30,805, with \$17,325 paid by special assessments, and \$13,480 paid by the Water Utility. The Utility's share is the cost of extending the waterlines beyond the properties in the improvement districts.

Goal Impact: The projects address the Efficient Infrastructure goal by extending waterlines to existing homes.

Legal Considerations: The resolutions have been approved as to form by the Law Department.

Recommendation/Action: It is recommended that the City Council approve the budget revisions, adopt the resolutions and authorize the necessary signatures.

Attachments: CIP sheets and Resolutions.

SUBJECT: KDHE Watershed Restoration and Protection Strategy
Professional Services Agreement Geotechnical Services Inc. (All Districts)

INITIATED BY: Department of Public Works & Utilities

AGENDA: Consent

Recommendations: Approve the agreement.

Background: Reducing pollution in the Arkansas River has been a priority for the City of Wichita for many years. The Kansas Department of Health and Environment (KDHE) utilize a grant program for Watershed Restoration and Protection Strategies (WRAPS). The WRAPS program involves four phases: development, assessment, planning, and implementation. The development phase grant was received in 2007, and completed in April 2010. This agenda item is to commence the assessment and planning phases.

On November 23, 2010, the City Council approved the WRAPS Assessment and Planning Agreement for an Environmental Protection Agency (EPA) funded and KDHE administered grant in the amount of \$183,333. This amount includes \$73,333 City In-Kind contributions, which will be met through staff overseeing the project. Grant period is December 1, 2010 to June 30, 2012.

Analysis: On December 10, 2010, a Request for Proposal (RFP) was issued to contract with a consultant to provide professional consulting services for WRAPS and to develop a strategy to address the assessment and planning goals of the WRAPS program. The goals include effectively lowering pollutant levels so that local water bodies will no longer have impairments with Total Maximum Daily Loads (TMDLs) and Principal Pollutants of Concern (PPOCs). Five responses to the RFP were received and four interviews were conducted on February 16, 2011. Geotechnical Services, Inc. was selected by the Staff Screening and Selection Committee based on approach and cost to complete the assessment and planning phases for the Lower Arkansas River Watershed Study.

Financial Considerations: The agreement with Geotechnical Services, Inc. is for a total of \$83,700 to be disbursed in increments as tasks of the scope of services are completed. Funding is available through the existing KDHE WRAPS grant that was previously approved by the City Council on November 23, 2010.

Goal Impact: The grant addresses the Efficient Infrastructure goal by providing reliable, compliant and secure river and stream resources.

Legal Considerations: The agreement has been approved as to form by the Law Department.

Recommendation/Action: It is recommended the City Council approve the agreement and authorize the necessary signatures.

Attachments: Agreement.

INITIATED BY: Office of Property Management

AGENDA: Consent

Recommendation: Approve the acquisition.

Background: On April 6, 2010, the City Council approved the design concept and the funding to acquire right-of-way for the Seneca Street improvement project between 31st Street South and Interstate 235. City of Wichita
City Council Meeting

April 26, 2011

TO: Mayor and City Council Members

SUBJECT: Repair or Removal of Dangerous and Unsafe Structures
(Districts I, IV and VI)

INITIATED BY: Office of Central Inspection

AGENDA: Consent

Recommendations: Adopt the attached resolutions to schedule required City Council public hearings to consider condemnation of structures deemed dangerous and unsafe per Kansas State Statutes.

Background: On January 10, 2011, the Board of Code Standards and Appeals conducted hearings on the properties listed below as items a) and b). On April 4, 2011, the Board of Code Standards and Appeals conducted hearings on the properties listed below as items c) and d). The buildings on these properties are considered dangerous and unsafe structures per State Statutes and local ordinances, and are being presented in order to schedule condemnation hearings before the City Council. The Board of Code Standards and Appeals has recommended that the City Council proceed with condemnation, demolition and removal of the dangerous buildings on these properties.

Analysis: Minimum Housing Code violation notices have been issued on these structures; however, compliance has not been achieved. Pre-condemnation and formal condemnation letters have also been issued, and the time granted for repair or removal has expired. No actions have been taken by the property owners and/or other interested parties to complete required building repairs or to remove the dangerous buildings.

| <u>Property Address</u> | <u>Council District</u> |
|--------------------------------------|--------------------------------|
| a. 2603 / 2605 East Stadium (duplex) | I |
| b. 1731 North Volutsia | I |
| c. 3008 West Maple | IV |
| d. 2321 North Fairview | VI |

Financial Considerations: Structures condemned as dangerous buildings are demolished with funds from the Office of Central Inspection Special Revenue Fund contractual services budget, as approved annually by the City Council. This budget is supplemented by an annual allocation of federal Community Development Block Grant funds for demolition of structures located within the designated Neighborhood Reinvestment Area. Expenditures for dangerous building condemnation and demolition activities are tracked to ensure that City Council Resolution No. R-95-560, which limits OCI expenditures for non-revenue producing condemnation and housing code enforcement activities to 20% of OCI's total annual budgeted Special Revenue Fund expenditures, is followed. Owners of condemned structures demolished by the City are billed for the contractual costs of demolition, plus an additional \$500 administrative fee. If the property owner fails to pay, these charges are recorded as a special property tax assessment against the property, which may be collected upon subsequent sale or transfer of the property.

Goal Impact: This agenda item impacts the goal indicator to Support a Dynamic Core Area and Vibrant Neighborhoods. Dangerous building condemnation actions, including demolitions, remove blighting and unsafe buildings that are detrimental to Wichita neighborhoods.

Legal Considerations: The structures have defects that under Ordinance No. 28-251 of the Code of the City of Wichita that cause them to be deemed as dangerous and unsafe buildings for condemnation consideration, as required by State Statutes.

Recommendations/Actions: Adopt the attached resolutions to schedule a public hearing before the City Council on June 7, 2011 at 9:30 a.m. or soon thereafter, to consider condemnation of structures deemed dangerous and unsafe per Kansas State Statutes and local ordinances.

Attachments: Letters to Council, summaries, and resolutions.

CITY OF WICHITA
City Council Meeting
April 26, 2011

TO: Mayor and City Council

SUBJECT: Acquisition by Eminent Domain of Tracts Required for the for the East 13th Street, Hydraulic to Oliver Road Improvement Project (District I)

INITIATED BY: Office of Property Management

AGENDA: Consent

Recommendation: Adopt and place on first reading the ordinance providing for the acquisition by eminent domain of certain real properties.

Background: On November 6, 2007, the City Council approved the design concept and proposed project to widen East 13th Street North between Hydraulic to Oliver. The project will require the acquisition of all or part of 79 tracts. The improvements include adding a center turn lane, relocating the sidewalks away from the back of the curb, improving the storm sewer system and landscaping. The corridor is improved with a variety of residential and commercial properties as well as vacant land.

Analysis: To date, 57 tracts have been acquired. Several of the remaining tracts have title issues which prevent or hinder closing. Due to the timing of the project, it is necessary to initiate eminent domain at this time. Staff will continue to negotiate with the owners as well continue to work to clear title issues. As agreements are reached or title is cleared, tracts will be deleted from the eminent domain action.

Financial Considerations: The cost of these acquisitions will be paid for with General Obligation Bonds.

Goal Impact: The acquisition of these parcels is necessary to ensure Efficient Infrastructure in a rapidly growing part of the City.

Legal Considerations: The City is authorized by law to commence eminent domain proceedings to acquire these properties.

Recommendation/Action: Adopt and place on first reading the ordinance providing for the acquisition by eminent domain of certain real property; and directing the City Attorney to file the appropriate proceedings in the District Court to accomplish such acquisition.

Attachments: Tract list, condemnation resolution and condemnation ordinance.

CITY OF WICHITA
City Council Meeting
April 26, 2011

TO: Mayor and City Council

SUBJECT: Acquisition by Eminent Domain of Tracts Required for the Integrated Local Water Supply Plan (Harvey County)

INITIATED BY: Office of Property Management

AGENDA: Consent

Recommendation: Adopt and place on first reading the ordinance providing for the acquisition by eminent domain of certain real properties.

Background: On August 3, 1993, the City Council approved the Water Supply Plan prepared by Burns & McDonnell/MKEC Engineering Consultants. The Plan identified cost-effective water resource projects to meet the City's future water needs. On October 10, 2000, the City Council approved the projects and implementation of the plan. One portion of the Water Supply Plan is the groundwater recharge project. The groundwater recharge includes the capture of above base flow water (water which is generated from rainfall runoff above the base river flow) in the Little Arkansas River to be transferred to and stored in the aquifer. The recovery and use of this water will meet future demands for the City of Wichita. Certain sites have been identified as necessary for the capture of above base flow water, locations for water treatment facilities, recharge/recovery wells, and recharge basins. There were 92 parcels identified as being impacted by the project and acquisitions of easements was necessary. Ninety tracts have been acquired through negotiations since acquisitions started in 2009. Initiation of eminent domain to acquire the remaining two tracts was approved on March 8, 2011.

Analysis: The two remaining parcels are adjacent and have common ownership. After initial approval, it was determined that the legal descriptions needed to be modified. This modification requires that the ordinance be reread and republished. Once this is complete, the eminent domain action will proceed as previously approved. Staff will continue to negotiate with both owners. If an agreement is reached, the tracts will be deleted from the eminent domain action.

Financial Considerations: The cost of these acquisitions will be paid for with General Obligation Bonds.

Goal Impact: The acquisition of these parcels is necessary to ensure Efficient Infrastructure.

Legal Considerations: The City is authorized by law to commence eminent domain proceedings to acquire these properties.

Recommendation/Action: Adopt and place on first reading the ordinance providing for the acquisition by eminent domain of certain real property; and directing the City Attorney to file the appropriate proceedings in the District court to accomplish such acquisition.

Attachments: Tract maps and condemnation ordinance.
